Tazewell County, Illinois

YEARBOOK 2019

Containing a list of Illinois Executive and Judicial Officials, County Employees and Officials, Township Officials, and other information pertinent to Tazewell County.
On behalf of all the office staff in the Tazewell County Clerk and Recorder of Deeds Office, I am proud to present to you the 2019 Tazewell County Yearbook. This directory is an important tool in assisting our citizens with the ability to communicate with their elected officials.

We have made changes to this year's Yearbook, the first edition of our administration. We have included more contact information along with a new layout. The largest new addition is the inclusion of all elected Tazewell County School Board Members to this directory. As in previous years, this directory will be available in print at our offices and an online version available on our County Website (www.tazewell.com).

This 2019 Yearbook is an example of "Team Tazewell" at work. County Treasurer Mary Burress provided a member of her staff with previous Yearbook experience to train a new member of my staff. This is just a small example of the continued cooperation and teamwork that make Tazewell County Government work efficiently for the taxpayers each and every day. We thank County Treasurer Mary Burress and her staff for their assistance.

While we strive to make sure all the information contained in this directory is accurate and up-to-date, perfection is a hard standard to meet. If you find a mistake, please email the correction to our attention at CountyClerk@tazewell.com. We will continually strive to improve this directory.

Again, the employees of the Tazewell County Clerk and Recorder of Deed's office are proud to present this directory to you and to have the privilege to continue to serve the citizens of Tazewell County!

AUDITOR

PURPOSE

It is the policy of Tazewell County to maintain an audit department under the direction and implementation of the elected auditor as a means to provide the county board and citizens with an independent and objective view of controls and risks.

DEFINITION OF INTERNAL AUDITING

As provided by the Institute of Internal Auditors, internal auditing is “an independent, objective, assurance and consulting activity designed to add value and improve an organization’s operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve effectiveness of risk management, control, and governance processes.”

VISION STATEMENT

Provide consistent and effective controls over County assets minimizing any potential risks for the citizens of Tazewell County. Resolve any audit issues before possible concerns are revealed by the external auditors. Grow the department through continued experiences, professional education and training in the audit profession.

MISSION STATEMENT

The Tazewell County Internal Audit Department under the direction of the elected auditor will provide an independent and objective audit of the county business and operations to the citizens of Tazewell County.

RESPONSIBILITIES

The Tazewell County auditor responsibilities include these provisions as outlined and all provisions in the IL State Statute 55 ILCS:

- Developing a flexible annual audit plan using an appropriate risk-based methodology.
- Updating the audit plan as necessary during the year for risk or control concerns.
- Implementing the audit plan as appropriate.
- Aligning audit coverage with Tazewell County’s strategic, operational, compliance, and financial risks, including important areas of any emerging risks as they apply to the county.
- Maintaining internal audit resources with internal audit staff under the direction of the elected auditor as appropriate to achieve the requirements of this charter.
- Documenting all audit evidence obtained during audits with complete transparency to the board and voters.
- Issuing periodic reports to the Tazewell County Board.
- Keeping the general accounts of the county as the general accountant.
- Approving all orders for supplies issued by various county officers, before the orders are to be placed with the parties to whom the same are to be given.
- Auditing the receipts of all county officers and departments presented for deposit with the county treasurer, in a timely manner.
- Maintaining a file of all contracts entered into by the county board and authorized county officers.
- Ensuring compliance is maintained with all federal, state, and local laws and regulations. Ensure compliance is maintained with County policies.
- Assisting as appropriate in the investigation of suspected fraudulent activities within Tazewell County.
• Considering the scope of work of the external auditors for the purpose of providing complete audit coverage.
• Assisting, as appropriate, in providing consulting services to departments of Tazewell County to advance governance, risk management, and control processes without the auditor assuming department responsibility.

INDEPENDENCE

The internal auditor will remain free of influence from any County offices, departments, or organizations. Independence is important to providing unbiased reports to the Citizens of Tazewell County.

AUTHORITY

The Tazewell County Auditor should have full authority to conduct financial, compliance, operational, performance, and information systems audits of all departments, programs, and activities of the Tazewell County government. The Tazewell County Auditor shall have full authority to investigate any risk based activity. The auditor should also have authority to perform special reviews and investigate allegations into the misuse of County assets.

The Tazewell County Auditor should be authorized full, free, and unrestricted access to County functions, activities, operations, records, data files, computer programs, property and personnel. This access will help with the assistance of conducting audits.

In performing their functions, the Tazewell County Auditor has neither direct authority over, nor responsibility for, any of the activities reviewed. The Internal Audit Department will not develop and install procedures, prepare records, make management decisions, or engage in any other activity that could be reasonably construed to compromise their independence. However, in connection with the complimentary objectives of this audit function, the Internal Audit Department will recommend policies and procedures for approval and implementation by appropriate management, and make known such recommendations to the Tazewell County Board.

CIRCUIT CLERK

The Circuit Clerk is the official record keeper for the courts, and is endowed with certain authority to aid and promote the judicial process. The Circuit Clerk is not an official of local government, but a state constitutional officer. The primary duty of the Circuit Clerk is to assist the Circuit Court judge in execution of their judicial duties by preparing and maintaining court records, collecting fines and fees, processing paperwork and issuing all processes such as citations, notices, summons and subpoenas. A Deputy Circuit Clerk must be present at all court sessions and keep complete records of the proceedings and determinations of that court.

The Circuit Clerk also manages the Court’s docket and juries. The Circuit Clerk furnishes the County Clerk a list of all persons who have served as jurors and draws the names for jury service as needed.

The Tazewell County Coroner is mandated by Statue to investigate the cause and manner of death of any dead body within the borders of the county when the circumstances of the death indicate any of the following:

- A sudden of violent death, whether apparently suicidal, homicidal, or accidental.
- Any death due to a sex crime or a crime against nature including criminal or self-induced abortions and stillborn infants where there is a suspicion of illegal interference.
- A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained.
- A death where addiction to alcohol or to any drug may have been a contributory cause.
- A death where the descendant was not attended by a licensed physician within the past 72-hours of death occurs within 24 hours of admission to a hospital (unless the patient has been under continuous care of a physician for a natural disease which is responsible for death).
- A death on the operating table or prior to recovery from anesthesia.
- All deaths in a State institution.
- All deaths of wards of the State in a private care facility or in programs funded by the Department of Mental Health and Developmental Disabilities, the Illinois Department of Alcoholism and Substances Abuse, or the Department of children and Family Services.
- All deaths arising from employment including industrial poisonings from custody of any law enforcement agency.
- Any death of a fireman who dies within 30 days of working a fire.
- All deaths arising from employment including industrial poisoning from absorption and/or inhalation.
- All hospice deaths.
- All human skeletal remains including bones and decomposed fleshy parts of a deceased human body including grave artifacts.

During a death investigation, it may be the duty and responsibility of the Coroner to cause an autopsy to be performed, including the taking of X-rays and the performance of other medical tests, toxicology tests, and positive body identification as the Coroner deems appropriate.

Special attention is given by the Coroner’s office to the family of the deceased in keeping them informed during their grieving process. This care, concern and compassion is also exhibited by the Coroner in providing the option of tissue, organ, or body donation (in those deaths meeting the donation criteria) and in providing special reports in all Sudden Infant Death Syndrome (SIDS) cases.
The Coroner takes charge of any valuable personal property, money, or papers found upon or near the body which is the subject of a Coroner’s investigation and delivers the same to these entitled to its care or possession. After the inquisition, the Coroner releases the body to family or friends for burial. If no next of kin or friends exist, the Coroner shall cause the body to be decently buried or cremated, the expenses paid by the County.

All cases coming under investigation prior to the filing of a permanent Death Certificate must be resolved as to the manner of death. This may occur in two ways.

First by holding an Inquest a jury of six individual would hear testimony and form a verdict according to the evidence presented. This takes place in a public venue. This system has several shortcomings. The public access allows the family of the victim to suffer the reliving of the event. In cases such as suicide this becomes overwhelming. Also the verdict so reached can never be overturned regardless of any new evidence that may appear because of new scientific techniques.

The second approach made law in 2007 provides that the Coroner after investigating all evidence can reach a verdict on the manner of death without inquest. This can be kept Private for the families and is reversible should anything new develop in the case. The vast majority of all cases in Tazewell County are resolved this way.

In any death where the remains are to be cremated, it shall be the duty of the funeral director to obtain from the Coroner a permit to cremate a body. The Coroner, prior to the issuing of the permit, shall complete his investigation of the cause and circumstances of the death. No crematory shall cremate a dead human body unless a Coroner’s permit to cremate has been furnished to authorize the cremation.
